BOARD OF STUDIES : M.A. Clinical Psychology
FOR ACADEMIC SESSION 2021-22

PROGRAMME DESCRIPTION

Masters of Arts in Clinical Psychology or MA Clinical Psychology is a full time postgraduate course of two years, which is divided into four semesters at JECRC University. Clinical psychology addresses a breadth of mental, emotional and behavioral disorders. Clinical psychology is designed to integrate the science of psychology with the prevention and treatment of a wide variety of complicated human problems. The eligibility criteria for this course require BA Hons. degree in psychology/clinical psychology with a minimum of 55% aggregate from a recognized college/university.

Vision:

The Psychology Department's vision is to gain national and international recognition as a research-oriented, teaching-intensive department while using advance scientific knowledge to develop innovative solutions for important life problems both locally and globally.

Mission:

- To promote the advancement of scientific discipline of psychology through the synergistic relationship between teaching, research, and service.
- To provide competence & interdisciplinary knowledge to students so they are able to develop skills and are ready for vocational world.
- To prepare skilled psychologist and counselors to create awareness about mental health at community, national & international level.
- To cultivate in students professional ethics, a sense of social responsibility, cultural sensitivity, and good citizenship in a globalized world.
