NAAC

VISION

To make quality the defining element of higher education in India through a combination of self and external quality evaluation, promotion and sustenance initiatives.

MISSION

- ☞ To arrange for periodic assessment and accreditation of institutions of higher education or units thereof, or specific academic programmes or projects;*
- ☞ To stimulate the academic environment for promotion of quality of teaching-learning and research in higher education institutions;*
- ☞ To encourage self-evaluation, accountability, autonomy and innovations in higher education;*
- ☞ To undertake quality-related research studies, consultancy and training programmes, and*
- ☞ To collaborate with other stakeholders of higher education for quality evaluation, promotion and sustenance.*

Value Framework

To promote the following core values among the HEIs of the country:

- *Contributing to National Development*
- *Fostering Global Competencies among Students*
- *Inculcating a Value System among Students*
- *Promoting the Use of Technology*
- *Quest for Excellence*

Guidelines for the Creation of the Internal Quality Assurance Cell (IQAC) and Submission of Annual Quality Assurance Report (AQAR) in Accredited Institutions

Introduction

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.

The guidelines provided in the following pages will guide and facilitate the institution in the creation and operation of the Internal Quality Assurance Cell (IQAC). The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation it can inculcate in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies to remove deficiencies and enhance quality like the "Quality Circles" in industries.

Objective

The primary aim of IQAC is

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Strategies

IQAC shall evolve mechanisms and procedures for

- a) Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;

- b) The relevance and quality of academic and research programmes;
- c) Equitable access to and affordability of academic programmes for various sections of society;
- d) Optimization and integration of modern methods of teaching and learning;
- e) The credibility of evaluation procedures;
- f) Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- g) Sharing of research findings and networking with other institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- a) Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution;
- b) Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- c) Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes;
- d) Dissemination of information on various quality parameters of higher education;
- e) Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- f) Documentation of the various programmes/activities leading to quality improvement;
- g) Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- h) Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality;
- i) Development of Quality Culture in the institution;
- j) Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

Benefits

IQAC will facilitate / contribute

- a) Ensure heightened level of clarity and focus in institutional functioning towards quality enhancement;
- b) Ensure internalization of the quality culture;
- b) Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;
- c) Provide a sound basis for decision-making to improve institutional functioning;

- d) Act as a dynamic system for quality changes in HEIs;
- e) Build an organised methodology of documentation and internal communication.

Composition of the IQAC

IQAC may be constituted in every institution under the Chairmanship of the Head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists and representatives of local management and stakeholders.

The composition of the IQAC may be as follows:

1. Chairperson: Head of the Institution
2. A few senior administrative officers
3. Three to eight teachers
4. One member from the Management
5. One/two nominees from local society, Students and Alumni
6. One/two nominees from Employers /Industrialists/stakeholders
7. One of the senior teachers as the coordinator/Director of the IQAC

The composition of the IQAC will depend on the size and complexity of the institution. It helps the institutions in planning and monitoring. IQAC also gives stakeholders or beneficiaries a cross-sectional participation in the institution's quality enhancement activities. The guidelines given here are only indicative and will help the institutions for quality sustenance activities.

The membership of such nominated members shall be for a period of two years. The IQAC should meet at least once in every quarter. The quorum for the meeting shall be two-third of the total number of members. The agenda, minutes and Action Taken Reports are to be documented with official signatures and maintained electronically in a retrievable format.

It is necessary for the members of the IQAC to shoulder the responsibilities of generating and promoting awareness in the institution and to devote time for working out the procedural details. While selecting these members several precautions need to be taken. A few of them are listed below:

- ♦ It is advisable to choose persons from various backgrounds who have earned respect for integrity and excellence in their teaching and research. Moreover, they should be aware of the ground realities of the institutional environment. They should be known for their commitment to improving the quality of teaching and learning.
- ♦ It would be appropriate to choose as senior administrators, persons in charge of institutional services such as library, computer center, estate, student welfare, administration, academic tasks, examination and planning and development.

- ♦ The management representative should be a person who is aware of the institution's objectives, limitations and strengths and is committed to its improvement. The local society representatives should be of high social standing and should have made significant contributions to society and in particular to education.

The role of coordinator

The role of the coordinator of the IQAC is crucial in ensuring the effective functioning of all the members. The coordinator of the IQAC may be a senior person with expertise in quality aspects. She/he may be a full-time functionary or, to start with, she/he may be a senior academic /administrator entrusted with the IQAC as an additional responsibility. Secretarial assistance may be facilitated by the administration. It is preferable that the coordinator may have sound knowledge about the computer, its various functions and usage for effective communication.

Operational Features of the IQAC

Quality assurance is a by-product of ongoing efforts to define the objectives of an institution, to have a work plan to achieve them and to specify the checks and balances to evaluate the degree to which each of the tasks is fulfilled. Hence devotion and commitment to improvement rather than mere institutional control is the basis for devising procedures and instruments for assuring quality. The right balance between the health and growth of an institution needs to be struck. The IQAC has to ensure that whatever is done in the institution for "education" is done efficiently and effectively with high standards. In order to do this, the IQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

The coordinator of the IQAC and the secretary will have a major role in implementing these functions. The IQAC may derive major support from the already existing units and mechanisms that contribute to the functions listed above. The operational features and functions discussed so far are broad-based to facilitate institutions towards academic excellence and institutions may adapt them to their specific needs.

Monitoring Mechanism

The institutions need to submit yearly the Annual Quality Assurance Report (AQAR) to NAAC. A functional Internal Quality Assurance Cell (IQAC) and timely submission of Annual Quality Assurance Reports (AQARs) are the Minimum Institutional Requirements (MIR) to volunteer for second, third or subsequent cycle's accreditation. During the institutional visit the NAAC peer teams will interact with the IQACs to know the progress, functioning as well quality sustenance initiatives undertaken by them.

The Annual Quality Assurance Reports (AQAR) may be the part of the Annual Report. The AQAR shall be approved by the statutory bodies of the HEIs (such as Syndicate, Governing Council/Board) for the follow up action for necessary quality enhancement measures.

The Higher Education Institutions (HEI) shall submit the AQAR regularly to NAAC. The IQACs may create its exclusive window on its institutional website and regularly upload/ report on its activities, as well as for hosting the AQAR.

The NAAC Accredited institutions need to submit only the soft copy as word file (.doc/.docx) through e-mail (capuaqar@gmail.com). The file name needs to be submitted with Track ID of the institution and College Name. For example MHC0GN16601-Samudra Arts and Science College, Taliamegu-Maharashtra.doc or EC_32_A&A_143 dated 3-5-2004-Samudra Arts and Science College, Taliamegu-Maharashtra.doc. The Higher Education Institutions need not submit the printed/hard copy to NAAC. The acknowledgements would be sent to the institutions through e-mail.

Mandatory Submission of AQAR by IQAC

So far submission of AQARs was not a Mandatory requirement for Institutions applying to NAAC 2nd and subsequent cycles of Assessment and Accreditation (A&A). It has now been decided by the Executive committee of NAAC that **regular submission of AQARs should be made mandatory for 2nd and subsequent cycles of accreditation.**

In view of the decision of **Executive Committee of NAAC** the following will be the pre-requisites for submission of LOI for all Higher Education Institutions (HEIs) opting for 2nd and subsequent cycles of A& A **with effect from 16th September 2016:**

- Having a functional IQAC.
- The minutes of IQAC meeting and compliance to the decisions should be uploaded on the institutional website.
- Mandatory submission of AQARs on a regular basis for institutions undergoing the second and subsequent cycles of Assessment and Accreditation by NAAC.
- Upload the AQAR's on institutional website for access to all stakeholders.

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

2.14 Significant Activities and contributions made by IQAC

1. IQAC meetings held as follows :
i. 20.12.2017
ii. 09.03.2018
iii. 24.05.2018
2. To strengthen the research eco-system within the university, a MOU is signed with ISRO for Indian Regional Navigation Satellite System i.e. IRNSS
3. Grand seed money up to Rs. 1lakh to each Professor, in the form of credit note
4. To conduct Seminar/Workshop/Exhibition in any thrust area for research.
5. To discuss the demand ratio for Student Admission and to suggest guidelines for Post Graduate Admission in technical programs.

2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year *

Plan of Action	Achievements
1. To conduct seminar/workshop/exhibition in any thrust area for research.	Under the headship of Dr. Ram Rattan, Dean SOE hosted the ISRO- National Science Exhibition on 19-20 April 2018
2. To constitute a Steering Committee for academic and administrative audit.	Vide notice No. JU/IQAC/AAA/2018/02, the academic and administrative audit was carried out.

** Attached the Academic Calendar of the year as Annexure-5*

2.15 Whether the AQAR was placed in statutory body Yes No

Management ☒ Syndicate ☐ Any other body ☐

Provide the details of the action taken

- To review and suggest improvements for different practices to enhance employability, skill enrichment and quality of student's project along with students' participations.
- Communication to Parents
- To suggest initiate for financial supports to students from economically weaker sections of societies

No. of Faculty	International level	National level	State level
Attended	25	3	-
Presented papers	25	3	-
Resource Persons	1	2	-

2.6 Innovative processes adopted by the institution in Teaching and Learning:

Highlights of innovative processes:

- i. Preparing students for participation in Hackthon-2017 organised by AICTE, HRD.
- ii. Use of innovative methods of enriching faculty by enrolment for MOOCS at Swayam Portal and included Spoken tutorials of IITB & IIT Kharagpur in regular teaching.
- iii. Encouraged students to develop innovative working models for demonstrating principles of science, technology and engineering. List of some the important projects made by students is given below: The projects are evaluated by outside industry experts and best 3 projects are awarded

List of innovative projects :

1. 3rd eye – Smart Vision
2. Home Automation system
3. Electronic Voting machine
4. Electronic Diya
5. Smart security system
6. PM 2.5 monitoring device
7. Health monitoring system
8. Sound sensor based
9. Security system
10. Go – Cart
11. Solar powered vehicle

2.7 Total No. of actual teaching days

165

during this academic year

assignments, Peer consultation
problem solving sessions, multiple
choice question examination,
Viva-voce

2.8 Examination/ Evaluation Reforms initiated by
the Institution (for example: Open Book Examination, Bar Coding,
Double Valuation, Photocopy, Online Multiple-Choice Questions)

2.9 No. of faculty members involved in curriculum
restructuring/revision/syllabus development
as member of Board of Study/Faculty/Curriculum Development workshop

88

88

88

2.10 Average percentage of attendance of students

75%

2.11 Course/Programme wise

MCA	11	11	0
BCA	54	53	1
M.Tech	12	12	0
MBA	37	30	7

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

Curriculum based monitoring:

The teaching learning processes were regularly monitored and outcome-based education model was followed.

Frequent evaluation

Regular evaluation through class tests, assignments and sessional examinations were encouraged, monitored and ensured.

Observation and interaction

Encouraged use of e-classes, blended learning, seminars, educational tours, excursions, group discussions, debates and ensured implementation.

2.13 Initiatives undertaken towards faculty development

<i>Faculty / Staff Development Programmes</i>	<i>Number of faculty benefitted</i>
Refresher courses	195
UGC – Faculty Improvement Programme	NIL
HRD programmes	110
Orientation programmes	48
Faculty exchange programme	NIL
Staff training conducted by the university	244
Staff training conducted by other institutions	54
Summer / Winter schools, Workshops, etc.	53
Others	44

2.14 Details of Administrative and Technical staff

Category	Number of Permanent Employees	Number of Vacant Positions	Number of permanent positions filled during the Year	Number of positions filled temporarily
Administrative Staff	249	5	4	-
Technical Staff	49	3	5	-

Criterion – III

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

1. IQAC regularly informs and encourages the faculty members to apply for research grants projects and grants to UGC/DST/DBT etc. During the period 2017-18 and first half of 2018-19 following 5 project proposal were formulated in line with guidelines for AICTE quality improvement schemes (AQIS):
 - a. MODROB
 - b. FDP
 - c. Grant for organising conference
 - d. Short term training program (STTP)
 - e. Research Promotion Scheme
 - f. Support to students for participating in competition abroad
2. The college authorities provide all necessary infrastructural support including space for carrying out research work.

3.2 Details regarding major projects (1 year data for financial year 2017-18)

	Completed	Ongoing	Sanctioned	Submitted
Number	3	NIL	3	3
Outlay in Rs. Lakhs	29 lakhs	NIL	29 lakhs	29 lakhs

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

In the IQAC meetings students as well as alumni also participate to exchange information about their experiences based suggestions. On the other hand, The Principal, Dean, HODs engage with students from time to time to make them aware of student support facilities , such as, Book Bank, Mentor, Mentee Connect, club act step training, placements, medical aid, Workshop on academic and career placements, Cultural events, Individual research options, Additional needs of children etc.

5.2 Efforts made by the institution for tracking the progression

Tracking of student progression is important to know the bottlenecks. Regular meetings of the Academic committee are held for tracking the progression by analysing . Efforts are made for result evaluation, Placements, Research paper writing by Students

Management motivate students in terms of funding their project work and paper publication , participation in national level events and awarded them in various categories at college level like best student, best innovator etc.

5.13 Major grievances of students (if any) redressed: _____

Criterion – VI

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

VISION: To become a renowned centre of higher learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

MISSION:

- To Focus on research and spirit of innovation that will drive academic orientation and pursuit at JECRC University.
- To Identify, based on informed perception of Indian, regional and global needs, areas of focus and specialization on which the University can concentrate.
- To Undertake collaborative projects that offer opportunities for long-term interaction between academia and industry.
- To Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of profession

6.2 Does the Institution has a management Information System

Yes the institution has an ERP including the following:

- i) Attendance monitoring system
- ii) Exam marks uploading
- iii) Library management system
- iv) Feedback management system

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

University organized workshops at department level involving experts from industry/research organizations. The Board of studies at PG and UG levels are constituted with members from industry, expert faculty. The feedback collected from students for curriculum and suggestions were placed in BOS meetings. High Priority is given for employability and value based education. Choice Based credit system is initiated in all departments.

6.3.2 Teaching and Learning

During the academic year 2017-18 the academic schedule and teaching plans are prepared in advance and executed thoroughly. The conventional as well as modern teaching methods are adopted by the faculty. Student seminars, assignments, projects, field work and internships are part of the curriculum in almost all the programs. The students are provided with mentors for interaction beyond classrooms. The meritorious students are recognized and awarded scholarships. The student feedback on performance of teachers is collected and analyzed regularly and based on that measures are taken to improve quality of teaching learning process. The following are the key factors contributing to the effectiveness of teaching-learning and evaluation

1. Academic and teaching plans are effectively implemented
2. Focus on practical learning and collective learning
3. Different methods are used to support slow learners and advanced learners
4. Extensive use of ICT in teaching and learning beyond classrooms
5. Mentor and Mentee relationship
6. Inviting learned personality from industry and academic/research institutions
7. Pervasive environment for student centric learning
8. Regular evaluation of student progress with non- discriminatory and transparent evaluation system
9. Active participation of students in organisation of various academic programs
10. To promote creative thinking and desired competencies, students are encouraged to participate in national and international level seminars/workshops/conferences/symposia/ moot courts, student events and contests.

6.3.3 Examination and Evaluation

- Two in-sem examinations and one Semester end examination are conducted.
- Opportunities are given to the students to check his/her evaluated exam sheets.
- Publication of results within one month.
- Grievances cell for examinations. • Online publication of results.

6.3.4 Research and Development

- i Recreation of inter and multi disciplinary research teams
- Organizations of conferences/seminars/workshops/training programmes.
- Sponsoring faculty for conferences /seminars/workshops.
- Establishment of research forum.
- Encouraging faculty towards getting projects.
- Establishment of department research committees and university committees.
- Inviting visiting fellows.
- Creating awareness among research students and community on SCOPUS indexing and other parameters like h-index etc.
- Encouraging staff and students to publish only in reputed and peer reviewed journals research and Development

6.3.5 Library, ICT and physical infrastructure / instrumentation

❖ Library, ICT and Physical Infrastructure / Instrumentation- JECRC University, Central Library has 804 sq.m. of Carpet area. The Library has seating and reading facility to enable the user to choose and refer to the books comfortably. Library reading area is spacious with good ventilation. According to the need and convenience, one finds different seating arrangements. The seating arrangement is user friendly. To provide sufficient scope for optimum interaction among the users a seminar/group discussion room is provided. At a time 300 users can be seated in the library. The library is kept open on all days in the year, except on national holidays and on days declared as holiday by the University. The library works in two shifts.

The Library has 35,000 volumes and 26 Computer Systems are available in the JECRC University, Central Library. The library is effectively using ERP for day to day Activities of Library. The Library opens from 8.30 a.m. to 8.30 p.m. for the benefit of students, research scholars and staff. Apart from this, following ICT and Physical Infrastructure / Instrumentation available in the Central Library, JECRC University.

1. Manupatra (Law) : It has 700 e-books and 335 e-journals.
2. Developing Library Network (DELNET): It has access of 5000 Journals, 80650 e-Books and 1, 00,000 Thesis/dissertations.
3. World e Books Library: It has access of 8245Journals, 4186185 e-Books .
4. Urkund: For checking plagiarism
5. Shodhganga Membership: For uploading Thesis in Shodhganga
6. CD & DVD : 710

6.3.7 Faculty and Staff recruitment

Faculty and staff are recruited transparently as per UGC norms/rules.

Faculty members are recruited by the University as per UGC norms. Any contractual teacher is recruited by an expert committee which includes a University expert and a subject expert following advertisement in daily newspaper

6.3.8 Industry Interaction / Collaboration

JECRC University is having interaction and collaboration with reputed research organizations, industries and institutions. JECRC University is also having several interdisciplinary and multidisciplinary projects in collaboration with other reputed organizations. JECRC University is conducting different programmes in collaboration with Foreign Universities/Institutions. JECRC University is providing consultancy services to several industries and organizations. During the academic year 2018-19, 19 MoU's are signed under academic and industry collaboration with various organizations.

6.3.9 Admission data of Students

B.Tech-716, IT-87, School of Science- 115, Agriculture – 159, Management – 311, Design- 45, Ph.D.- 2, Law- 87

6.4 Welfare

schemes for

6.6 Whether annual financial audit has been done Yes

☒

No

☐

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	No	-	Yes	Internal
Administrative				

6.8 Does the University/ Autonomous College declare results within 30 days?

For UG Programmes Yes ☒ No ☐

For PG Programmes Yes ☒ No ☐

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Examination committee formed. Regular Class tests introduced, University has issued notification for debarring invigilators for showing leniency towards practices.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

Not applicable

6.11 Activities and support from the Alumni Association

- Providing guidance to the current students for the higher education and employment opportunities
- Updating the current trends in the job markets
- Motivate the students to become entrepreneurs
- To help the college in bringing more companies and industries for campus placements.
- To review the changes and trends in the industry and giving inputs for design of curriculum.
- The alumni help in bringing industries and companies for campus placements and provide employment opportunities to the students
- As few members of the alumni are entrepreneurs, they play an important roles in motivating the students to become entrepreneurs

6.12 Activities and support from the Parent – Teacher Association

The parents are acquainted about the department activities through students and mails.
The orientation programme is organized in university for which the parents are also invited at the starting of the academic year.
The University believes and maintains a holistic relationship between teachers and parents

6.13 Development programmes for support staff

Faculty Development Program is organised for Training and placement committee.

6.14 Initiatives taken by the institution to make the campus eco-friendly

- i. Rain Water-Harvesting - Underground drainage & water storage facility created & maintained.
- ii. Efforts for Carbon Neutrality – Tree plantation through ECO- Club done periodically.
- iii. Proper Parking facility with minimum u turns and reversals.
- iv. Very well maintained Drainage and Sewage facility to maintain cleanliness.
- v. Campus declared no smoking zone.
- vi. Campus declared plastic free zone.
- vii. Regular testing of drinking water to prevent diseases.

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the Functioning of the institution. Give details.

Best Practice- 1: Title of the practice – “100% Placement for Internship”

Best Practice – 2: Title of the practice : To evolve and implement a transparent evaluation system.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

Suggested Action Points by IQAC Members	Action Taken Report
i) To review initiative taken and to suggest guidelines for flexible curriculum (to be implemented from July,18) as per AICTE guidelines	The university has been offering flexible curriculum with the CBCS/Elective course system. SOE has implemented the course curriculum as designed by AICTE. The approval of the syllabus by the BoS was considered in the Agenda No. 6.03 of the Meeting of Academic Council.
ii) To Discuss and analyze the feedback of stakeholders	As the majority of the feedback, over a wide variety stated that there is need of more practical classes, lab experiments and knowledge of real worlds problem, example and case studies
iii) To discuss the demand ratio for student admission and to suggest guidelines for post graduate admission in technical programs	For the first 5 years the average demand ratio is 2.58. the office of admission expressed that based on the day to day no. of applicants/ enquiries, the demand ratio would be appreciable at the end of admission session
iv) To discuss existing research policies and review the academic updates of research	On the approval of president and the Registrar the IQAC vide Ref. No. JU/IQAC/Circular/2018/01 circulated

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Best Practice # 1

Title of the practice – “100% Placement for Internship”

Objectives of the practice – To provide industry exposure to students at no extra cost and explore opportunities to provide stipend to students during internship.

The Context – Internship in the final semester in most of the programs provides students with practical exposure and expertise that can help them get settled in their first job well. Students may learn relevant or inter disciplinary fields, based on their areas of interest and expertise to fulfill the minimum academic credit as per university curriculum guidelines.

Students gain work experience, develop skills, make connections, learn about a field, assess their interest and abilities as well as stipends through this internship. A paid internship is particularly beneficial, because it enables economic advantage for those students who need funds for their own schooling. An internship allows that job to facilitate a positive future.

The Practice – Internship is a unique practice in itself because it is part of curriculum and is regularly monitored and evaluated strictly by a team of experts from industry and internal internship guide (assigned for each student's intern). The University focuses on paid internships which has resulted in more than 35 internship drives in the recent years. Through these drives some of the students are placed in the companies for the internship with stipends.

Evidence of Success - 100% students placed for internships in the year 2014-19 where not a single student has paid for internship. A large amount of students got stipend paid internships with stipends ranging from INR 5,000 to INR 20,000 per month. After the internship students may get jobs with the 20% extra salary rather than a regular (non-industry-intern) joining.

In addition to it, Students are given with the opportunity to interact with the industry and the corporate scenario through various industrial visits where students get an opportunity to get the insights of the working environment of industry. Students are also motivated to participate in various Technical Contest Like Smart India Hackathon, TCS Codvita running by various corporate hubs come with the variety of operational problems and students are asked to resolve those problems with their individual cognitive abilities and technical knowledge.

Best Practice # 2

Objective: To evolve and implement a transparent evaluation system.

Practice: After smooth conduct of examinations and evaluation, thereof by evaluations, the respective class teacher hands over answer books to the students concerned with the objectives of verifying correctness of the marks awarded for each question, answers left un-attended, if any, and a student demanding higher marks by justifying the correctness of the answer. Once the concerned teacher is convinced, the marks are revised and the student concerned signs the answer booklet. Thereafter the concerned teacher uploads the marks on ERP for declaration of the final result. Such a practice has paved the way for complete transparency and fair-play in the evaluation system.

Evidence: Transparency in evaluation system has been largely hailed by the student's community. During the last years, marks of the students have increased leading to sometimes up gradation of failure to pass and/or change in GPA/Grade.

Problems: No problems have been encountered in the smooth implementation of the best practice except that the concerned teacher has to put in extra time and energy to convince the affected student(s) in pointing out the mistakes leading to award of lesser marks for a particular question.

Evidence: These efforts reflect in terms of their Internship and Placement.

7.4 Contribution to environmental awareness / protection

1. NSS Unit creates awareness of environmental hazards and of the urgent need to keep the environment clean green and pollution free. NSS organised Swachh Bharat Abhiyan.
2. NSS volunteers regularly lead campaigns to prevent use of polythene and polythene products in the college campus.
3. Eco – club has organised tree plantation

7.5 Whether environmental audit was conducted? Yes ☒ No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

8. Plans of institution for next year

IQAC decided to :

- To review and suggest improvements for different practices to enhance employability, skill enrichment and quality of student's project along with students' participations.
- Communication to Parents
- To suggest initiate for financial supports to students from economically weaker sections of societies
- Preparation of Question Bank and Model Question Papers.
- Establishment of Research center on Digital Signal, Image and video Processing
- To review of the status of Internal resource generation and suggest suitable ideas.
- To review the status of extension activities and suggest enhancement of these activities.

Name Dr. D. P. Mishra
