

**Annexure -2
Course Content & Schedule***

Semester	Module	Automotive Design Engineering	Total Duration (Hours)	Proposed Hrs/Per Day	Proposed No. Training Days Per Module	Training Days
2	1	Essentials for NX Designers Basic & Advance Level	50	4	13	Mon to Sat
3	2	Synchronous Modeling and Parametric Design with Mechanical Free Form Modelling	50	4	13	Mon to Sat
4	3	Plastic Trim Design along with CAD Surface Modelling Processes	50	4	13	Mon to Sat
5	4	BIW design along with NX sheet Metal	50	4	13	Mon to Sat
6	5	Electrical Vehicle Engineering Design	50	4	13	Mon to Sat
		Total	250			

*The proposed schedule is tentative and the final schedule as well as the timetable will be decided mutually by the Siemens Training Partner and the EDUCATION INSTITUTE keeping in mind the Academic Calendar of the EDUCATION INSTITUTE and the interest of the students.
