Abhishek Meena	2016	2020	B. Tech.	Mechanical Engineering	16bmec561	SCHOOL OF ENGINEERING AND TECHNOLOGY	Sub. Inspector (CISF) MHA	During my graduation i have learnt so many things including skills like analytical skill , problem solving skill, leadership quality , team work and many more which are also helping me in my Job .  #proud to be JECRCian		JECRC not only teaches you your course but also gives you opportunity to learn so many things in various fields which i think everyone must learn for future.
Piyush Kriplani	2021	2024	BBA	Marketing	22BBAM760	School Of Management	I have joined my family business	My BBA at JECRC University provided practical knowledge, industry exposure, and strong fundamentals in management. The supportive faculty and interactive learning environment enhanced my confidence, communication skills, and overall professional development.		I recommend joining JECRC University for its quality education, experienced faculty, practical exposure, and supportive environment. It builds strong fundamentals, confidence, and career-ready skills for future success in business and beyond.
Sweetie Sharma	2021	2023			21MCAN045	SCHOOL OF COMPUTER APPLICATIONS	Deputy manager Aavas financiers	When i join the Jecrc university i am fresher and i join the		Because it is great experience
Dev Modi	2022	2025			22bban503	JAIPUR SCHOOL OF BUSINESS	Founder Modi Super plywood	Here is a strong and professional answer you can submit as a testimonial: My course at JECRC University helped me build both practical knowledge and real-world skills. The curriculum was industry-oriented and focused on current market trends, especially in digital marketing and business strategy. The teaching methodology was interactive and practical rather than only theoretical. Case studies, presentations, live projects, and internships helped me understand how concepts work in real business situations. The faculty members were supportive and always encouraged us to think creatively and analytically. This learning experience improved my communication skills, leadership qualities, confidence, and decision-making ability. Overall, the course prepared me professionally and personally, making me industry-ready and future-focused.		My message to aspirants is that choosing the right university shapes your future, confidence, and career direction. I would highly recommend joining because it offers a balanced environment of quality education, practical learning, and personal growth. The industry-oriented curriculum, supportive faculty, modern infrastructure, and strong placement support help students become career-ready. Along with academics, the university also focuses on skill development, leadership, and real-world exposure, which helps in building a strong foundation for a successful future.
Gaurav Garg	2019	2023	B. Tech.	Mechanical Engineering	19BMEN016	SCHOOL OF ENGINEERING AND TECHNOLOGY	Self employed	is practical education you can't get anywhere else. Finally, <strong>Placements....</strong>a true stroke of genius. <strong>Our college excelled at the art of illusion</strong>, where one of my classmate could miraculously hand out <strong>30-40 fake offer letters</strong> from his newly formed company. The results were stunning: a huge placement number on paper, and zero jobs in reality. This brilliant strategy saved us the trouble of actually getting hired. I'm sure the PCOM team's expertise in making us <strong>sign opt-out forms</strong> helped them keep the numbers look clean.  It's true that there is no one who is actually great, but <strong>JU is still better than its peer colleges</strong>—truly the best among the worsts. <strong>As a true alumnus, if someone asks me which college to join among other nearby colleges, I'll still recommend JU, because the problems I		Pasting from above feedback - It's true that there is no one who is actually great, but JU is still better than its peer colleges—truly the best among the worsts. As a true alumnus, if someone asks me which college to join among other nearby colleges, I'll still recommend JU, because the problems I described are, regrettably, a larger issue with the state of private education in Jaipur and Rajasthan as a whole.
Ishika Agrawal	2021	2025	B. Tech.	Computer Science & Engineering	21BCON499	SCHOOL OF ENGINEERING AND TECHNOLOGY	ASE , Accenture	It helped me a lot during placements and mainly the CRT was very helpful		its good for extra-curricular activities too and for better placements
Sumit Sharma	2022	2024	MCA	Information Technology	22MCAN030	SCHOOL OF ENGINEERING AND TECHNOLOGY	Software developer at CMT arts india pvt Ltd jaipur	Very nice		Awesome environment and superb mentors
Pawan Kumar	2014	2017	B.Sc. (Hons.)	Physics, Chemistry, Mathematics		School of Sciences	Founder and Proprietor, Pawan Hydraulic Pneumatic and Industrial Solutions	My Physics Honours course strengthened my analytical thinking and problem-solving skills. The university environment also helped me grow personally by improving my confidence, communication, and discipline in daily life. Since my current field is related to physics, the knowledge I gained continues to support me practically and professionally.		I would recommend this university to aspirants because it provides a strong academic foundation along with overall personal development. The experienced faculty, supportive learning environment, and practical approach to teaching help students understand concepts clearly and apply them in real life. Beyond academics, the university also helps build confidence, communication skills, and discipline, which are equally important for future success. It is a place that shapes students both professionally and personally.

Dr. Adnan Khokar	2012	2017	Ph. D.	Science		Ph.D. Program	Senior Research Scientist: P I Health Sciences ltd	A very good learning by teachers that me very impactful In my current growth in pharmaceutical industries...Specially tons of thanks to Science department faculties and their hardwork about to their students for their future goal. A very good infrastructure of research are prepared by Shri Arpita sir and Shri Amit sir, Million of thanks sir,.		JECRC is the top player of education in India and very good connectivity with as well industrial market. So your future start with this university, 1000% your future changed as my experience.
Keshav Kumar	2016	2018	MCA	MCA	A18MCA078		Renovision Automation Services Pvt. Ltd. (RASPL) - Jaipur International Airport Limited.	I have completed MCA, Class of 2018 At JU. Our Learning & Courses are applied as this organization as a Technician Role For Various Hardware & Software Support & As well network support in Digiyaatra Projects Of JIAI Site (Jaipur International Airport Limited Adani Airport). We have applied many things from our learning and courses that I had learned at JU in My MCA 2016-18 class of Information Technology & Engineering. Earlier I have also applied our learning in TCS iON Organization Online Assessment As a Zonal Inventory Lead North-3 & Multifunctional Role Of TCS iON Assessment (Aug 2018 - Sept 2024).		at best price according to the current AI Generated Learning & Courses & Multiple Programming Languages And As A Network & Hardware Engineer & Software Developer. This university faculty supports 100% & gives their 100% behinds the students of Their University Students. Placement Courses & Learnings are also organized by JU -JECRC University under guidance of HOD - Head Of Departments & Deans Of Specific departments & Respected Director Sir Arpit Agarwal Sir & JECRC University Placement Team. So I think JU is the best university as per current Learning & AI Generated Learning & Software Development & Network Development Courses.  Thanks Keshav Kumar Technician / E-Gate Support Engineer Jaipur International Airport (JIAI) - Renovision Automation Services Private Limited (RASPL)
Pawan Kumar	2019	2022	B.Sc. In Hospitality & Hotel Management	B.Sc. In Hospitality & Hotel Management	19bhhn012	School Of Management	Digital Marketing Intern (iStudio)   Selected Delegate, Harvard Project for Asian and International Relations (HPAIR'26)	JECRC University played an important role in shaping my professional mindset and overall personality. The curriculum helped me build strong fundamentals and a practical understanding of hospitality operations and management.  The faculty members were supportive and approachable, and their guidance helped me improve my communication, confidence, and discipline. The campus infrastructure and learning environment provided a positive student experience, with opportunities to participate in events and activities that enhanced teamwork and leadership skills.  Overall, my journey at JECRC University gave me a strong foundation, valuable memories, and the motivation to aim higher in my career. I am grateful to the university for the learning, support, and exposure it provided.		I would recommend JECRC University to aspirants because it provides a strong learning environment, supportive learning environment, and good exposure through events, activities, and practical training. The university helps students build confidence, communication skills, and a professional mindset, which is important for any career.  If you are willing to learn, participate actively, and make the most of the opportunities available, JECRC University can give you a strong foundation for your future.

Parikshit Panday	2022	2025	BBA	Finance	22BBAN585	School Of Management	Business developed executive, Alphixx marketing solution pvt Ltd	The BBA General course at JECRC University, also helped me build a strong foundation in core business areas such as management, marketing, finance, and human resources. The structured curriculum connected theoretical concepts with practical understanding through case studies, presentations, and assignments.  The teaching and learning environment encouraged active participation, logical thinking, and clarity of concepts rather than rote learning. Faculty guidance and continuous evaluation helped me identify my strengths and work on my weaknesses.  Overall, this course improved my analytical ability, communication skills, and professional mindset, and prepared me to understand real business situations with confidence.		This is not just only a Educational institutions. This is the place where the students dream can be turn into Reality
Shikha Pandya	2021	2024	B. Tech.	Computer Science & Engineering	21BCON049	SCHOOL OF ENGINEERING AND TECHNOLOGY	Cloud Developer Associate, IBM	Cloud computing courses done by JECRC helped me in this role.		In the end it will all be well.
Shivani Kumari	2023	2025	MCA	MCA	23MCAN0006	SCHOOL OF ENGINEERING AND TECHNOLOGY	Government Jobs preparation	My MCA course with a specialization in Cloud Computing and Full Stack Development has helped me both technically and professionally. It strengthened my understanding of core computer science concepts like data structures, databases, operating systems, and networking, which built a strong foundation.		My message to aspirants is that choosing the right university is the first step toward a successful career. This university provides not only strong academic knowledge but also practical exposure that helps students become industry-ready.
gaurav gupta	2021	2025	B. Tech.	Computer Science & Engineering	21BCON541	SCHOOL OF ENGINEERING AND TECHNOLOGY	Packaged associate software engineer, Accenture	Environment of the college and support that faculties brings to us helped us a lot		My message to anyone who is joining this university or why anyone should join this university is you will get a enough support from the University and faculty and you will get proper guidance and opportunities across different domains

Rajshree Panwar	2013	2015	M. Tech.		1302042010	SCHOOL OF ENGINEERING AND TECHNOLOGY	Faculty in JECRC Foundation college jaipur	My experience at this institute has been truly enriching and transformative. The well-structured curriculum provides a strong balance of theoretical knowledge and practical exposure, while the supportive and knowledgeable faculty have consistently guided and motivated me to grow academically and personally. The infrastructure and learning environment are excellent, creating a comfortable space for development. Beyond academics, the institute offers valuable opportunities for skill enhancement and ensures strong placement support, helping students confidently prepare for their professional careers. I am proud to be associated with this institute and grateful for the opportunities it has given me.		JECRC University offers a well-structured and industry-oriented curriculum. The university focuses on both theoretical knowledge and practical learning. Experienced and supportive faculty members guide students at every step. Modern infrastructure and well-equipped labs enhance the learning experience. The campus provides a positive and motivating academic environment. Students get opportunities to participate in technical, cultural, and extracurricular activities. Regular workshops, seminars, and guest lectures improve industry exposure. The university emphasizes skill development and personality growth. Strong placement support and training programs prepare students for successful careers. JECRC University helps students grow academically, professionally, and personally.
Mohit Kumawat	2022	2025	BCA	BCA	22BCAN091	SCHOOL OF ENGINEERING AND TECHNOLOGY	Software Development Engineer @ Raptbot Technologies Pvt Ltd	As an aspiring student, the university's focus on industry readiness, provided the perfect foundation for my career.  One of the most significant highlights of my time here was the incredible placement support. Thanks to the relentless efforts of the Training & Placement Cell and the specialized CRT (Campus Recruitment Training) sessions, I was fortunate enough to secure multiple offer letters from industry giants like Accenture, LTI Mindtree, and TCS. This gave me the luxury of choice and the confidence to start my career with some of the best names in the business.  Beyond technical skills, JU placed immense emphasis on holistic development. The various workshops and seminars helped me polish my communication skills, leadership qualities, and professional etiquette. From just about degrees, they are about development, discipline, and direction.		If you are considering JECRC University, do it for the Campus Placements. This is the university's strongest suit. They have built an incredible pipeline with massive tech recruiters like Accenture, TCS, and LTI Mindtree. If your primary goal is to walk out of college with multiple offer letters in your hand, this is the place to be. They provide the platform, the brand name, and the "foot in the door" that is hard to get elsewhere.
Nidhi Sharma	2022	2025	B.Sc. (Hons.)	Biotechnology	22BBIN011	School of Sciences	HR Executive	As a student, I learned:  Responsibility beyond classrooms </li>  Leadership through real projects </li>  Confidence through participation </li>		Khane ka pine ka mast JECRC ki campus life enjoy krne ka through plenty of events!
Garvit Gaur	2022	2025			22bban260	JAIPUR SCHOOL OF BUSINESS	PGDM (HR) Student at Dr. DY Patil Business school	Professors are really knowledgeable and supportive. Deep knowledge of subjects and Practicality, this learning experience helped me to present myself on Top Institutions and Be professionally active. Thus, BBA IN Banking financial services and insurance helped me a lot about industry and on the field Jobs.		This University Gives you the Experience regarding how to Show Professionally Outside through Experience and knowledge.
Anjali Singh	2023	2025			23MBAN0066	JAIPUR SCHOOL OF BUSINESS	Working as management trainee (Techno-Functional roles) in Tata Consultancy Services (TCS)	The infrastructure of the institute creates a positive and motivating learning environment. The classrooms, library resources, and overall campus facilities contribute greatly to an enriching academic experience.  Beyond academics, the overall student experience has been remarkable. Various seminars, workshops, presentations, and extracurricular activities helped in enhancing my communication, leadership, and teamwork skills.  The placement support provided by the institute is commendable. I got placed in Tata Consultancy Services (TCS).		Choosing the right university is one of the most important decisions in your academic journey. I would strongly recommend this university to anyone who is looking not just for a degree, but for overall growth and real transformation. This university offers a perfect balance of academic excellence, practical exposure, and personality development. The curriculum is industry-focused, the faculty members are supportive mentors, and the environment encourages learning beyond textbooks.
EKANSHI SINGHAL	2023	2025			23MCAN0170	SCHOOL OF COMPUTER APPLICATIONS	Software Engineer LTIMindtree	JECRC is amazing. I've done my BCA and MCA both from here and it's super amazing. Faculty, Course outcome, Learning new tools and technology everything went up so well for me.  Thankyou JECRC for everything.  With so much love and regards -  EKANSHI SINGHAL		Anyone should join because it helps you develop the overall confidence, the emerging trends and the amount of knowledge which you won't get anywhere.
DEEPESH KUMAR JAIN	2020	2024	B. Tech.	Computer Science & Engineering	20BCON168	SCHOOL OF ENGINEERING AND TECHNOLOGY	Devops engineer, Au small finance Bank	My learning and overall experience at JECRC University during my B.Tech (2024 passout) has helped me a lot in both personal and professional growth. The curriculum provided a strong academic foundation, and the supportive faculty guided me whenever needed. The university environment gave me good exposure through practical learning, activities, and peer interactions. I also built great friendships and improved my communication and teamwork skills. All these experiences together helped me gain confidence and industry readiness, which enabled me to successfully crack two placements. I am grateful for the learning and exposure I received here.		I would recommend JECRC University to aspirants because it offers a good balance of academics, practical exposure, and personal development. The faculty members are supportive and guide students in the right direction. The university provides a positive learning environment, good infrastructure, and opportunities to participate in technical and extracurricular activities. You also get placement support and industry exposure, which helps in career growth. Overall, it is a place where students can build knowledge, skills, and confidence for their future.
Maanav Shekhawat	2022	2024	MCA	MCA	22MCAN095	SCHOOL OF ENGINEERING AND TECHNOLOGY	Aelum consulting	that shaped my career as a Software Engineer.  The university not only strengthened my core concepts in programming and software development but also encouraged innovation, teamwork, and problem-solving skills. The guidance from faculty members and the learning environment helped me build confidence and prepare for real-world industry challenges.  JECRC played a crucial role in enhancing my technical expertise and professional growth. I will always be grateful for the opportunities, mentorship, and support that contributed to my journey.  Proud to be a JECRC alumnus!		If you are looking for a university that focuses not only on academics but also on overall personality development and industry readiness, JECRC University is the right choice. The university provides a strong technical foundation, practical exposure, and a supportive learning environment. The faculty members are approachable and always encourage innovation and critical thinking. Various technical events, workshops, and industry interactions help students gain real-world exposure. JECRC not only prepares you for exams but prepares you for your career. If you are willing to learn, grow, and challenge yourself, this university will definitely help you achieve your goals. Believe in yourself, work hard, and make the most of every opportunity.

Fullname	Year of Joining	Year of Graduation	Course/Degree	Division/Department	Enrollment Number	Institute	Your current designation, company	How did your course, learning and teaching that you experienced here, helped you? NITESH KUMAR CHOUHARY	2020	2024	B.Sc. (Hons.)	Microbiology	20bmltn004	School of Sciences	Pharmacy	My learning and teaching absolutely helping me through my courses. I have learned about healthcare and perform best of my knowledge at my work palace and I thankfull for the university to teach me about many social and healthcare profession so I easily grow in my healthcare career.		Absolutely I have recommend all aspirants to join this university to grow your professional as well as your life style and secure your future with us.
Deepak Ramani	2020	2023	BCA	BCA	20BCFN008	SCHOOL OF ENGINEERING AND TECHNOLOGY	Salesforce Developer, Wipro	provided strong fundamentals in programming, database management, and software development, while practical assignments and project-based learning enhanced my analytical and problem-solving abilities.  The faculty's guidance and industry-oriented approach helped bridge the gap between academic concepts and real-world application. The university's placement support and career development initiatives were particularly impactful, as they prepared me with the necessary technical and soft skills required for corporate environments.  I am currently working at Wipro, contributing to an international project, and I attribute a substantial part of my professional readiness and confidence to the learning environment and mentorship I received at JECRC University. The exposure, discipline, and technical grounding I gained during my course have		To aspiring students, I would strongly recommend JECRC University to anyone who is serious about building a strong technical foundation and a successful career. The university provides the right mix of academic excellence, practical exposure, and professional guidance. The structured learning environment, supportive faculty, and placement support system help students transition smoothly from campus to corporate life. My journey from being a BCA student at JECRC University to working at Wipro on an international project reflects the kind of preparation and confidence the university instills in its students. If you are willing to learn, grow, and make the most of the opportunities provided, JECRC University can truly be a stepping stone toward long-term career success.
Abhishek Sharma	2016	2020	B. Tech.	Computer Science & Engineering	16bcon187	SCHOOL OF ENGINEERING AND TECHNOLOGY	Senior software Engineer, Coupang	JEEEC helped me to build a strong foundation		N/A
Sonu Mehta	2012	2016	B. Tech.	Electrical Engineering	1202031031	SCHOOL OF ENGINEERING AND TECHNOLOGY	Owner, BN Industries	Pursuing Electrical Engineering here gave me more than technical knowledge; it gave me direction. The curriculum was industry-focused and progressive, but what truly distinguished this institute was its culture of empowerment. Most faculty members were not just teachers they were mentors who stood beside me in every project, every competition, and every ambitious idea I dared to pursue.		secured winning positions, strengthened my confidence. One of the most defining moments of my life was participating in the NASA Sponsored Rover Challenge (USA, 2014) an opportunity fully supported and funded by the institution. That experience expanded my vision from local to global. Beyond academics, I believed in giving back. Through our college club Zarurat, I organized charitable aero shows and donated books and stationery from the collected funds. Those initiatives shaped my understanding that true success lies in uplifting others while rising yourself. My professional journey began with placements at Siemens and Ericsson, where I gained invaluable corporate exposure. Today, I proudly lead my own biodegradable and compostable carry bag manufacturing plant along with a plastic recycling enterprise, contributing toward environmental sustainability. The courage to build something of my own was born within these very campus walls.
Mihir Gupta	2017	2020	BCA	BCA	17BCAN044	SCHOOL OF ENGINEERING AND TECHNOLOGY	Senior Technical Specialist, Ltimindtree	My course at JECRC played a crucial role in shaping my professional journey. The structured curriculum, combined with practical exposure and industry-oriented learning, helped me build a strong technical foundation. The hands-on projects, presentations, and collaborative assignments enhanced not only my technical skills but also my problem-solving and communication abilities. The guidance and mentorship from faculty members encouraged me to think critically and stay confident in challenging situations. Today, as I am working in a reputed company in a responsible position, I truly realize that the discipline, knowledge, and work ethics I developed during my time at JECRC have significantly contributed to my career growth and professional success.		I would recommend JECRC University to aspirants because it offers strong academic learning along with practical exposure and skill development. The supportive faculty and good placement opportunities help students build a solid foundation for a successful career.
pratibha rathore	2018	2020	MCA	Information Technology	18MCAL104	SCHOOL OF ENGINEERING AND TECHNOLOGY	Team Lead	The learning i did here helped me in my day to day task i am doing in.my company.		Hey everyone,JECRC have given me lots of opportunities to enhance my leadership qualities and guided at every step for preparing for interviews and provides best placements
